How to Use This Tracker

Simple tracking for clubs and the personal bridges their members already have in the community. Frame: Grassroots Conversations — Return to the original social media, neighbors talking to neighbors. Variations: “neighbors talking to neighbors — then covering one block” and “neighbors covering neighbors.” Pair with the “We are the they” close.

Club Roster

- One row per Republican club.
- Primary Contact is the single liaison (usually the president).
- Update Last Contact Date and Next Action after every touchpoint.
- Ground Groups Identified? = Yes once the club has named 3–5 groups and bridge members.

Ground Bridges

- One row per bridge member / ground group combination.
- Status examples: Identified / Materials Delivered / Active / Follow-up Needed / Completed.
- Outcome / Commitment captures the “one block / one person” or voter registration action.
- Follow-up Date drives the next contact.

Cadence

- One volunteer keeps the master copy and updates it after each liaison contact.
- Clubs may keep a short local list and report monthly.

Success indicators

- Every club has a primary liaison and has identified at least one ground group.
- Bridge members are using the conversation model (“We are the they”).
- Personal commitments are recorded and followed up.

Keep filled-in copies private. They hold people’s contact details.

We are the they.
